About Us

Prestige Institute of Management and Research, Bhopal is known for its academic excellence in Engineering, Management, Pharmacy and Education with equal importance to employability skills, research and development & extracurricular activities.

The great vision of Prestige group of Institutions is a brainchild of Shri N.N Jain (Awarded Padma Shri by the President of India), an Entrepreneur, Industrialist and Philanthropist. This legacy is carried forward by Dr. Davish Jain, Chairman, Prestige Education Foundation and Mr. Dipin

Jain, Vice Chairman, Prestige Education Foundation.

PIMR Bhopal is headed by Shri Himanshu Jain, Chairman Jairam Education Society and Director Prestige Education Foundation,

PIMR provides holistic education that inculcates problem solving skills, critical thinking, analytical approach and a professional and ethical personality development. The institute is affiliated with Rajiv Gandhi Technological University and Barkatullah University Bhopal.

Chairman's Message

Mr. Himanshu Jain
Chairman, PIMR Bhopal

Prestige Group is widely recognized for its remarkable contributions to both the Indian soybean industry and the education sector in Central India. At the heart of its educational endeavours lies the "Prestige Education Society," established by the visionary Padma Shri Dr. N.N. Jain.

The Prestige Education Society offers a comprehensive range of educational opportunities like public schools that provide primary and secondary education, ensuring a strong academic foundation for young learners. Beyond this, the society has established professional institutes that cater to higher education, offering undergraduate, postgraduate, and doctorate-level courses in management, engineering, and pharmacy.

A key aspect of Prestige's philosophy is its commitment to outcome-based learning, ensuring that students acquire skills and knowledge that are both practical and aligned with industry demands.

Group Director's Message

India is poised at a very high rate of growth, innovation, and a vision for global leadership. Our hon'ble Prime Minister has set forth an ambitious roadmap, laying the foundation for India to become the third-largest economy in the world by 2030. However, the true driving force behind this remarkable progress is not just policies and strategies but the people of India—the hardworking, talented, and skilled citizens who contribute to the nation's growth in every sector. It is the engineers, doctors, entrepreneurs, scientists, and educators who form the backbone of our progress, propelling India toward global excellence. If we aspire to become Vishwa Guru, the knowledge leader of the world, it is essential that our education system rises to meet the highest standards.

Dr. Anil Bajpai
Group Director, PIMR Bhopal

Courses offered

ENGINEERING

The Bachelor of Technology (B.Tech.) Master of Technology (M.Tech.) programs affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV) Bhopal and approved by the All India Council for Technical Education (AICTE) are a comprehensive and prestigious course designed with a strong foundation in engineering principles and practices. This four-year undergraduate program encompasses a wide range of engineering disciplines, including Civil Engineering, Mechanical Engineering, Electrical, Electronics, Engineering, Electronics and Communication, Computer Science & Engineering, Data Science and Artificial Intelligence & Machine Learning. The

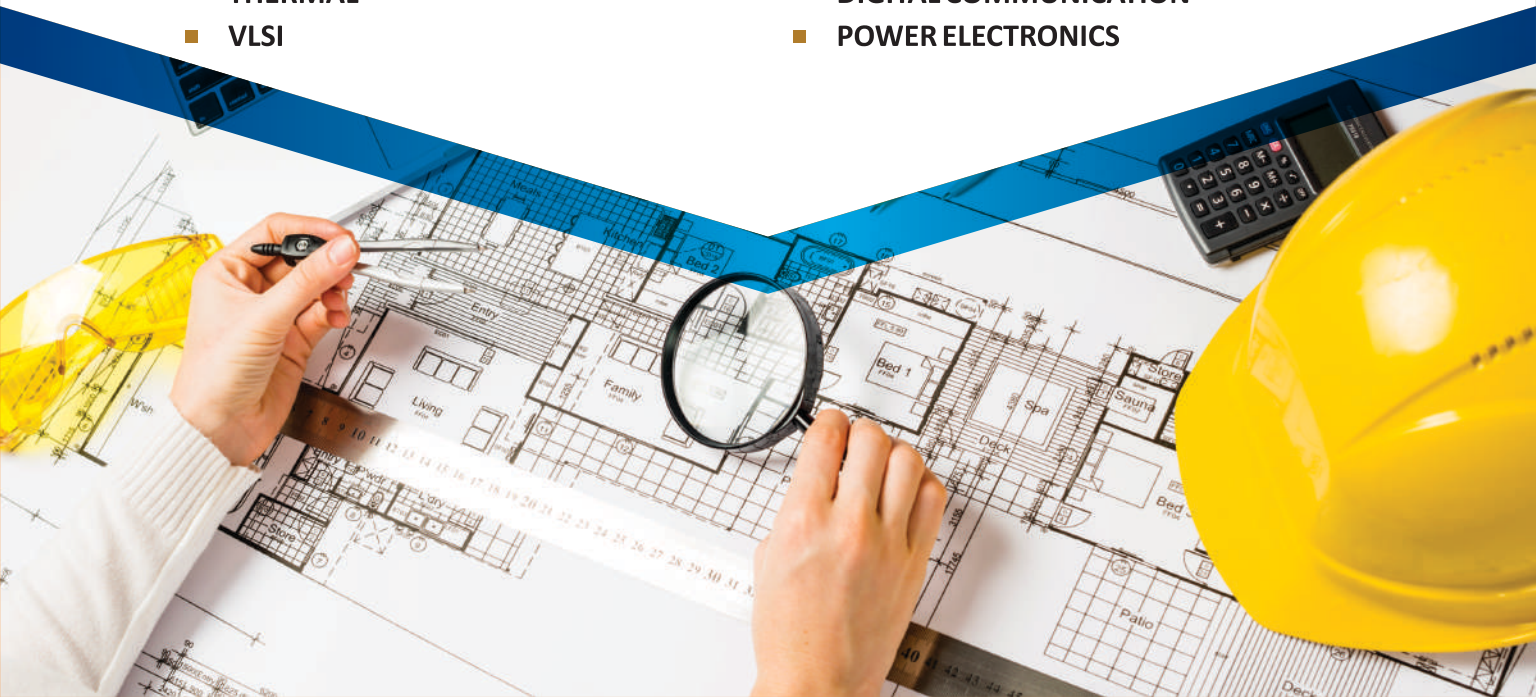

curriculum is thoughtfully crafted to blend theoretical knowledge with practical applications, ensuring that students develop a deep understanding of engineering concepts and gain hands-on experience in real-world scenarios. The B.Tech. program places a strong emphasis on fostering critical thinking, problem-solving skills, and creativity among students. The academic framework is regularly updated to align with the latest industry trends and technological advancements, ensuring that graduates are well-equipped to meet the demands of the ever-evolving engineering landscape.

TESTIMONIALS

Getting into **Wayspire** was a big moment for me, and I owe it to the amazing library resources at Prestige. The Placement Cell chipped in too with great workshops—everything just came together perfectly.
- **Anandita Kumari**

The faculty at Prestige are something else—they don't just teach, they guide you like mentors. I didn't expect to get placed in **Signific Carrier** so soon, but their support and the practical exposure we got made all the difference. - **Shoaib Khan**

When I joined Prestige Institute, I was amazed by the modern infrastructure—it really set the tone for focused learning. The mock interviews organized by the T&P Cell were super helpful too. Landing a job at **Hike Education** feels like a reward for all the effort put in here! - **Parth Arwaria**

The day I got my offer from **Hindustan Systems**, I realized how much the college's updated curriculum helped me stay ahead. The classrooms and labs here are top-notch, and it really prepared me for the real world. - **Anju Wathley**

Prestige Institute isn't just about academics; it's about growing as a person. The faculty's encouragement and the soft skills sessions were key in helping me secure a role at **Rinex** I couldn't have asked for more. - **Hirdesh Chaturvedi**

I was nervous about interviews, but the confidence I gained from the group discussions organized here was unreal. The campus vibe and supportive staff made my journey to **SGS Technical Service** so much smoother!
- **Anuj Sahu**

The hands-on projects we did as part of the curriculum gave me an edge in my interviews. I got placed at **Intensify Research**, and I know it's because Prestige focuses on practical learning alongside everything else.
- **Prabha Singh**

The T&P Cell at Prestige did a great job connecting us with opportunities, but what stood out for me was the faculty's patience and guidance. Landing a job at **Numetry Technologies** still feels like a dream! - **Sunil Kumar Shah**

The infrastructure here—like the computer labs and seminar halls—made learning so engaging. Add to that the career advice from the Placement Cell, and I was ready to join **Ultratech** with confidence. - **Pranjal Chaturvedi**

Prestige Institute has a way of balancing academics and personality development. The extracurricular activities and faculty support shaped me into someone who could step into **Wayspire** proudly. - **Ayan-ul-haq**
